Report of the NYS USBC Office

Presidents Report – June 11, 2022

Welcome to Utica for the 11th Annual Meeting of the NYS USBC; thank you all for coming. The DoubleTree Hotel will be the host hotel for the meeting today as well as the Hall of Fame Dinner this evening, I hope you will be in attendance for that event to congratulate our class of 2022 inductees.

Welcome! It is so good to see all of you in person once again; it has been three long years since we last met in Syracuse live and in person. Many things have changed since then and we have learned and continue to learn how to do things different.

I would like to personally thank the NYS USBC Officers and Directors, the Regional Youth Tournament Managers, the Youth Committee including the Youth Leaders and all the many others from around the state who give their time with minimal reward to make this association the success that it is. In addition, the office would not run as well as it does if not for our Association Manager, Angelo Corradino, who applies countless hours to assure that everything is in order. Angelo took on the role of Association Manager during the most challenging time in our history, with bowling in a state of flux facing shutdowns, closures, restrictions, etc. Angelo learned his new role and has persevered and become effective in the role. Angelo personally verifies bowler averages for accuracy, collaborates diligently with our vendors and banks to achieve the best rates for merchandise, hotel accommodations, bank interest, fees, etc. Thanks, Angelo for everything you do, your service is most appreciated by all.

I am pleased to report that all financials are in order and the association is financially sound. The tournaments have now completed and have been highly successful with the support of our local associations. Angelo has been making contacts and selecting sites through the 2023 - 2024 tournaments and will report those to you in his report later. All committees have completed their work and will be reporting to you on their recommendations and activities concluded later in the program.

The need is still there for new members, either as a board member, Director-at-Large, committee member or ad-hoc member to any committee. We have thousands of certified bowlers in New York State, and I am positive there are many of them that could provide a much needed and appreciated service to this board, please reach out to your friends in bowling, your co-workers and any others you may know who could be an asset to this board. Many of the current board members will be exhausting their terms soon and the need to find replacements is greater than ever, let us start our succession planning now for the future of bowling in New York State.

In closing, again I want to thank all of you and the members of your local associations for the continued effort and demanding work you all do to make bowling in New York State the best it can be for all our membership.

Please give our Association Manager, Angelo Corradino, and our Board of Directors a deserving round of applause for all they do.

Thanks,

Roger Buckman

Report of the NYS USBC Office

Greetings Fellow Bowlers,

Welcome to Utica, it's great to see everyone in this room and not on a screen like last year. The USBC National Convention had a slogan "Together Again." I think that fits us too.

This year we saw more people returning the lanes, as we are starting to rebound from the Pandemic, Adult membership as of May 1 was 51,893 which is up more than 8,000 from last year. Youth membership is 6302 also up 500 bowlers from last year. We are still short of our pre-pandemic numbers but we are headed in the right direction.

New York State had a good year on the national scene, a team from Greater Buffalo USBC won the Team All-Events Title at the USBC Open Championships in 2021. The team Bowl U consisted of Kevin Bienko (2,226), Chad Mee (2,042), Andrew Herbert (2,086), Ryan Reese (1,929) and Joseph DiNardo (1,675) for a 9,958 total.

The USBC Hall of Fame Class of 2020 was finally inducted after two-year hiatus, Patrick Allen, Westchester County and Patrick Healy, Niagara Falls, were inducted for Superior Performance. While Jim Zebehazy, a Buffalo Native, who is synonymous with Junior Gold and the Registered Volunteer Program was inducted for Meritorious Service.

We had a women's team chosen as Grand Marshall's for their Squad at the USBC Women's Championship, those bowlers included Kathleen Leipold, Karen Brouwere, Melissa M. Potoeski, and Cheryl Rice. This team is from the Corning USBC.

All of our tournaments saw an increase in participation from last year as we are getting closer to the pre-pandemic levels. We will also return to Long Island in 2023 with the Masters slated for Herrill Lanes in New Hyde Park. The LIUSBC currently 6770 member which is the largest in the state.

The Women's Championships will also return to the popular Schneider's Fishkill Bowl in 2024 and the Queens will be a new location Spins Bowl Carmel. We are also headed to Lucky Strike Lanes in Malone and Broadway Lanes in Fort Edward for the first time. Both centers have hosted Youth Events over the years which were always successful.

The Youth Committee has a few people retiring this year who have played a big part in Youth Bowling in New York for decades. Their dedication to the kids can't be matched, to quote Michael Jordan, "You can wear the shoes but you can't fill them." Thank you, Mike Callan, Kathy Larson and Mathew Hardy. The biggest thanks goes to Paul Terracciano who has been the Tournament Manager for the Adult Youth Tournament. I have been privileged to know Paul since I was 3 years old and consider him a good friend. You will all be missed.

In closing I would like to thank the bowlers in the state who have helped during this transition. We have all learned from each other and I hope to continue the open dialog with all the bowlers in the state.

I would like to see new centers and regions of the state host more of our tournaments. If you have a center in your area who would like to have a State Championship in their building please let me know. You can call the office (845) 363-1374 or send an email to bowlnysusbc@gmail.com for more information.

Yours in Bowling,

Angelo L Corradino

Report of the Legislative Committee Legislative Committee Report

Several changes to the NYS USBC Bylaws are required due to changes made by USBC. These changes revolve around the elimination of the term Youth Directors and the time limit for submitting applications to run for positions from the floor for the Board of Director and Board officers prior to the annual meeting.

The mandated changes for elimination of the term Youth Director, and requirement for 20% of the board to be directors representing youth, have already been incorporated in the NYS USBC Bylaws. They can be found in:

1. Article V: Board of Directors - Management Section A: Board Composition, Authority and Duties
2. Article V: Board of Directors - Management Section B: Eligibility
3. Article VII: Meetings Section A: Annual Meeting

The following mandated change was made by USBC concerning qualifications for Nominations from the floor for both Directors and Officers.

Qualifications must be submitted, in writing, at least 24 hours, or up to seven (7) days prior to the opening of the annual meeting as determined by the delegates. Qualifications are due **24 Hours** prior to the opening of the Annual Meeting.

The Board of Directors proposes that this be changed to 7 days to allow for proper review of qualifications prior to the annual meeting as allowed by USBC

Qualifications must be submitted, in writing, at least 24 hours, or up to seven (7) days prior to the opening of the annual meeting as determined by the delegates. Qualifications are due **7 Days** prior to the opening of the Annual Meeting.

Independent Accountant's Review Report

To the Board of Directors of NYS USBC Inc. — Batavia, New York

I have reviewed the accompanying financial statements of the New York State USBC, Inc. (a non-profit corporation), which comprise the statements of financial position as of July 31, 2021 and 2020, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion. Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error. My responsibility is to conduct the review engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for our conclusion. Based on my reviews, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

We move forward this year with the goal of raising \$28,000. To accomplish this the committee will be reviewing existing money raisers and investigating new opportunities.

USBC Update	USBC Director Mike Larson reported on the status of USBC, membership was down about 35% this season and USBC is working hard to bring bowlers back. They have launched a program called "Bowling is Ready When You Are." They are encouraging local associations to reach out to the bowlers who didn't bowl this year, the personal touch goes a long way. They also sent postcards in the spring and will send a letter in August encouraging bowlers to return to the lanes. If anyone needs help with their dropped bowler list they can reach out to USBC for assistance.

Report of the Youth Leaders

The NYS Youth Leaders assisted at many NYS Regional Team and Regional Pepsi Tournaments throughout the bowling season. They also helped at the NYS Pepsi State Finals and the NYS Team Tournament.

We had 19 Youth Leaders from across NYS join us at the NYS Team Tournament in Syracuse. The Youth Leaders came from Long Island, Catskill Mountain (Kingston), Northern Adirondack, Schenectady, and our newest addition our Buffalo association. At the Friday night Welcome Session on April 30, 2022, the Youth Leaders were able to get to know each other, review the weekend agenda, and divide up the assignments for the tournament on Saturday. The meeting was kept short and simple as many Youth Leaders bowled in the Adult/Youth Tournament that evening. At the NYS Team Tournament on Saturday, the Youth Leaders did the flag presentation during the Opening Ceremony. This year there were 3 American flags, one for each bay of lanes that all needed to be in sync with each other. This was the first time having 3 flags/color guards working as one to create such a beautiful opening ceremony. Youth Leaders assisted in running the tournament in many different ways: checking in teams, scorekeeping, and awards presentations. It was nice after two years to have all the teams bowling on one shift again. The Youth Leaders worked hard to make the State Team Tournament run smoothly and an enjoyable experience for the youth bowlers and their families.

The NYS Youth Leaders have hosted virtual meetings in February, March, and April via Zoom to prepare for Syracuse and work on committee items. The NYS Youth Leaders held their annual meeting in person on May 1st, 2022. At the NYS Youth Leader Annual meeting, the Youth Leaders have selected Braydon O'Connor as the Youth Leader of the Year, Tom Hall as Coach of the Year, Michael A. O'Malley for Bridging the Gap (Adult) and Jace Mazur for Bridging the Gap (Youth). Congratulations to all the outstanding work you do on behalf of youth bowlers.

The NYS Youth Leaders voted to keep the amount of contribution to the NYS USBC to \$1,500 annually. They have also kept the Youth Leader of the year scholarship to \$400 annually. Youth Leaders encourage youth bowlers and associations to submit applications for scholarships and other prestigious awards that are available at local, state, and national levels.

The NYS Youth Leaders conducted an Invitational Tournament at Sportman's Bowl on October 17, 2021 where over \$1,100 in scholarships were awarded. The NYS Youth Leaders are looking into having a tournament in the Fall of 2023. This will be a time for them to get together and a chance to possibly recruit new members. The Youth Leaders are looking into other ways to promote the Youth Leader program by being more active on social media. The NYS Youth Leaders official email is NYSYOUTHLEADERS@gmail.com. It is hoped that increasing the communication will not only promote the YL program, but all the good work YL also does and increase the connectedness with those that are current NYS YL.

Elections of officers were held. The new NYS Youth Leader officers are listed on the front of the booklet. Thanks to all officers for all your hard work. Any association looking to start a Youth Leader Program please contact an NYS Youth Leader officer or an advisor.
